

You, the media, can HELP!

The Hidden Legacy Conference, February 22 - 24, 2011

Winnipeg Convention Centre

The Centre for Suicide Prevention is asking for your help to bring awareness to those working with the Aboriginal community of a new program called **River of Life**. This program offers hope through education, the wisdom of elders, and support of friends.

The Centre for Suicide Prevention invites you to meet **River of Life** authors Rani Murji and Suzanne McLeod at our booth in room 2H at the Winnipeg Convention Centre.

Together we can continue to raise the awareness of suicide prevention! For more information visit us on the web at www.suicideinfo.ca. All images taken from the River of Life Online Course (Residential School, Cowichan woman, and Teaching Circle).
